

Jay Massey

jaymassey98@gmail.com ❖ 07450123428 ❖ Worthing ❖ Will be Relocating to Brighton

I am a Computer Science graduate with over 4 years of customer service experience, from managing a fashion retail sales team, re-merchandising chain stores across multiple regions, and promoting products at marketing exhibitions. My current goal is to pursue a career that will allow me to further improve and diversify my skill set.

WORK EXPERIENCE

University of Brighton

11/2019 – 08/2020

Ambassador

Brighton, East Sussex

- Chosen to lead university recruitment events based on my previous experience of management.
- Marketed my course through self-led events and exhibitions in order to promote my university.
- Facilitated large tours for prospective students, preparing for potential enquires that may arise.

Peacocks

11/2016 – 04/2019

Duty Manager

Hove, East Sussex

- Promoted from key holder after demonstrating excellent store knowledge and leadership skills.
- Led a fast-fashion retail chain store for 2+ days a week, during my superiors' days off for a year.
- Supervised sales teams of 4 - 8 people to deliver a consistent high standard of customer service.
- Supported my manager's direction to guide the team into reaching their target figures and KPIs.
- Experienced in handling payroll, cashing up and banking to ensure the store operated efficiently.
- Merchandised multiple stores to aid them in reaching the same high sales I achieved in my store.

EDUCATION

University of Brighton

09/2017 - 09/2020

BSc (Hons) Computer Science

Brighton, East Sussex

Graduated with a 2.1 honours degree. Outlined below are a few of the various topics covered.

- **Agile Management** – Managed projects effectively through a variety of agile model practices.
- **Data Structures** – Utilised linked lists and backtracking to develop efficient process schedulers.
- **Embedded Systems** – Designed a variety of logic-based systems to simulate a range of tasks.
- **Product Analysis** – Developed various system models to meet client's goals and requirements.
- **Web Development** – Constructed websites with HTML and CSS, experienced in using Node.js.

A wide variety of professional projects are available at <https://jaymassey98.github.io/portfolio>.
